

# Industrial Technology Institute (ITI) 6<sup>th</sup> Biennial Research Symposium / International Research Symposium 2023

## Main Theme

**Advance Research, Development and Innovations towards the Fourth Generation Industrial Development**

NOV

08<sup>th</sup> -10<sup>th</sup>

## About the International Symposium

The 6<sup>th</sup> Biennial Research/International Symposium aims to promote and cultivate the advancement of Science, Technology and Research, with a specific focus on industry-applicable inventions and innovations that contribute to the economic development of the country. This prestigious event offers a scientific platform to share and engage in discussions regarding their knowledge and expertise within the scientific community. ITI cordially invites postgraduates, early career researchers, eminent researchers and academicians to participate in this enriching symposium.
